Moon Dance

Written by Barbara Reeves
Illustrated by Kevin Hawkes

Little Mouse loved the moon.
He watched for it in the sky
every night.

“One night,” Little Mouse said,
“I’ll dance for the full moon.”

But first he had to learn how!

“Worm, can you show me how to dance?” he asked.

“I can show you how to wiggle,” said Worm.

So Little Mouse learned to
wiggle under the crescent moon.

Think About It

-  What problem does Little Mouse have?
-  What does Little Mouse learn from Worm?
-  How do the pictures help you understand the story?
-  What do you learn about the moon from this story?

Science

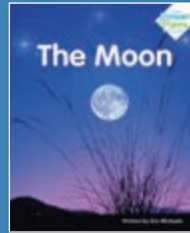

Earth and Space Science: The Sun, Moon, and Earth

Little Mouse wishes he could dance for the full moon. As the moon gets bigger, his friends try to help. Will Little Mouse get his wish? Read to find out.
